

Clean Energy, Climate, and Health

A series of public forums with polar explorer
Will Steger and Fresh Energy's J. Drake Hamilton

Minnesota is on a clean energy path that is bringing benefits to human health and our air, water, and natural resources.

Hear Will Steger, Minnesota's own eyewitness to climate change, present his vivid, firsthand account with stunning photographs from his expeditions.

J. Drake Hamilton, science policy director at Fresh Energy, will describe effective clean energy and clean air solutions that benefit our economy.
