

Clean Energy, Climate, and Health

Sunday, December 9, 7:00PM
Bethel University, The Underground
3900 Bethel Drive
Arden Hills, Minnesota 55112

A public forum with polar explorer Will Steger and
Fresh Energy's J. Drake Hamilton.

Minnesota is on a clean energy path that is bringing benefits to human health and our air, water, and natural resources. Hear Will Steger, Minnesota's own eyewitness to climate change, present his vivid, firsthand account with stunning photographs from his expeditions. J. Drake Hamilton, science policy director at Fresh Energy, will describe effective clean energy and clean air solutions that benefit our economy. Reflections on the connection between Christianity and environmental stewardship will be offered by Professor Dale Gentry.
