

25TH ANNIVERSARY CELEBRATION NORTH POLE '86 EXPEDITION

On May 1, 1986, the Steger International Polar Expedition went down in history for making the first confirmed dogsled journey to the North Pole, without being re-supplied along the way. Join us for a reunion of team members, including Minnesotans Will Steger, Paul Schurke and Ann Bancroft, as well as Canadian and New Zealand team members, at two very special events.

Events in partnership with the Will Steger Foundation and the Canadian Consulate.

North Pole '86 Expedition Family Day

Sun., 5/15, 12-4 p.m. • Included with museum admission.

- Visit an Arctic base camp
- See North Pole expedition footage
- Create a Northern Lights picture
- Try the calorie consumption game
- Get books signed by team members
- Learn how climate change affects the Arctic
- Dress for an expedition
- Make expedition sun goggles
- Meet a sled dog
- Play Arctic trivia & win prizes

North Pole '86: The 25th Anniversary Reunion

Tues., 5/17, 7 p.m. • \$12 (\$10 MHS members); \$5 college students & children ages 9-17. Reservations required; call 651-259-3015 or visit tickets.mnhs.org.

On the 25th anniversary of their 1,000-mile dog-sled expedition to the North Pole, team members will discuss their landmark journey, the dramatic changes in the Arctic since then and the polar region's future.
